

# 1. Occupational Health, Safety and Rehabilitation Policy Statement

At Skylift Crane Services (Aust) Pty Ltd, our Occupational Health, Safety and Rehabilitation Policy is based on a belief that the well being of our employees, and of people affected by our work, is a major priority and must be considered at all times during the planning and execution of work performed by and on behalf of the company.

People are our most important asset and their health and safety is our greatest responsibility. In addition, the health and safety of members of the public shall be given equal propriety to that of our employees.

For this Safety Plan to be effective, it is essential that all parties (Director/s, Management, Supervisors, Leading Hands, Site Employees, and Maintenance Staff) be committed to, firstly, following the objectives, procedures and guidelines contained herein, and secondly, ensuring that all persons or equipment involved in the performing of Skylift works comply with the requirements of this document.

This Safety Plan is designed to work in conjunction with the Skylift *Complete Site Work Method Statement & Job Safety Analysis* (Work Method Statement) relevant to the task at hand. Relevant copies of the following Work Method Statements will be provided along with this Safety Plan. Additional copies are available on request.

- General Lifting & Works
- Precast Panel Erection
- Hollowcore Erection
- Steel Erection
